## Department of Electronics & Telecommunication Engineering Government Polytechnic, Hingoli

**ELECTRANEWS - 2023**

**THE SKY IS NOT THE LIMIT**

100%

### Editorial Board

Guidance Cell :-

**Dr. Ashok Kumar Upadhyay**

B.E. M.Tech, Ph.D ( IIT B.H.U./MNNITA)  
Principal, Government Polytechnic, Hingoli

Mr. Tanurkar Firasatulla B

Mr. Bhatkar Dattatray N

Mr. Aadhave Abhay T.

Mr. Rathod Arjun G.

**Department of Electronics & telecommunication achieved a hat-trick 100% in Admission, Result and campus placement** in the academic year 2022-2023. The jointly efforts of all faculties, supporting staff, student and parent achieved this peak. Admission team took efforts to get all 60 plus super numeracy seats in the basket of the institute from all over Maharashtra. Conducted school connect programs, personal guidance and counselling, various technical events, institute school interaction through technical visits etc to get 100% admission. The backbone of the strength of department is the academic result. All final year students passed with first division in winter 2022 end semester exam. Gangaprasad Bokare (88% for Third year), Prem Narwade (82.82% for second year) & Tushar Kadam (86.86% for first year) are the class toppers for department and Gangaprasad Bokare (88% for Third year) honoured institute topper. As main aim of completing diploma is to go for higher education & get placed in reckoned companies, on this ground 100% final year students get selected in campus interviews like Bajaj Pvt Ltd, Dhoot Transmission, Wipro, John Deere etc. It's a great achievement for department in the academic year 2022-2023. Department continuously taking efforts to maintain the privilege of being 100% achiever, beyond this we are participating in various national and state level events for overall development of students because for our department The Sky Is Not The Limit.

## Department Highlights.....

**The only goals you don't achieve in life are the goals you don't set**—All the student of third year have been appeared for aptitude test, discussions and personal interviews in various industries through institute campus and get selected in Bajaj Auto Pvt Ltd, Aurangabad, Dhoot Transmission, Aurangabad, Wipro Pvt Ltd, Pune, John Deere, Nagpur etc industries. **In total 100% students were selected from deppartment and 75% students were selected throughout the institute.** Under the guidance of principal Dr. Ashok Upadhyay and efforts of Mr. Bhatkar S. N. TPO, Mr. Tanurkar HOD Ej, Mr. Tadvipathan E E, Institute Academic Coordinator, Mr. V. D. Raut, Dept TPO and all concern the department have reached to this achievement and targetting to maintain 100% placement next year. A great achievement of 100% for the department in placement this year honoured us.

## ELECTRANEWS - 2023

**Institute Placement Record for Year 2023**

## Creativity Is As Important As Literacy

Industrial Visit

Ananta electricals

Durga ICE factory

LIDCOM

**The Best Source Of Knowledge Is Practical Experience**

Expert Lecture

Mr. Gajanan Dashrathe, Ace Electricals

Mr. Akash Sangekar, Asst Sub Inspector

Mr. Sagar Bhagat CEO KARYA Ltd

Mrs. Durga Dabhade

Miss. Samruddhi Shahane, Alumni

**Expert Is Someone Who Knows What Not To Do....**

**To Make The World A Better Place We Must Have Social Responsibilities**

**MSBTE/DTE activities Participation** – In the start of the academic year MSBTE started to connect all student, parent to technical education and polytechnic institute through school connect program. For academic year 2022-23 we filled 100% admission with this activity. Government Polytechnic, Hingoli connected 116 schools, 10349 students in 5 Taluka's of Hingoli District.

**Hard Work Beats talent When talent doesn't Hard Work** – Faculty and student from department participated in sports and got a tremendous achievements. Mr. K S Kharade, Technical Lab Asst. honoured department with Regional Chess Winner and State Chess Runner trophy. Mr. Kharade K S & Mr. Haral J P got regional runner trophy in doubles Table tennis. Our Volley Ball Team grabbed 2<sup>nd</sup> prize at regional level.

## Initiatives in the field of Electronics – Prof. T S Parodwad, Lecturer in Electronics

"Azaadi Ka Amrit Mahotsav" is a year-long celebration in India to commemorate 75 years of India's independence, which began on August 15, 2021, and will continue until August 15, 2022. The celebration aims to promote patriotism, unity, and the spirit of freedom among the citizens of India. In the electronic field, the Indian government has launched several schemes as part of the celebration, aimed at promoting the growth and development of the electronics industry in India. Some of these schemes include:

- **Production Linked Incentive (PLI) Scheme:** This scheme was launched to boost domestic manufacturing and attract foreign investment in the electronics sector. The scheme offers incentives to electronics manufacturers in India based on their production targets.
- **Modified Special Incentive Package Scheme (M-SIPS):** The M-SIPS was launched to provide financial incentives to electronics manufacturers to set up new manufacturing units in India or expand their existing operations. The scheme provides a subsidy on capital expenditure for setting up new units or expanding existing ones.
- **Electronics Manufacturing Clusters (EMCs):** The EMC scheme was launched to create an ecosystem for electronics manufacturing in India. The scheme provides financial assistance to state governments to set up infrastructure facilities such as roads, power, water supply, and drainage systems in designated EMCs.
- **Scheme for Promotion of Manufacturing of Electronic Components and Semiconductors (SPECS):** The SPECS scheme aims to promote the domestic manufacturing of electronic components and semiconductors in India. The scheme provides financial assistance for setting up new manufacturing units or expanding existing ones, as well as for R&D activities.

**Wall Magazine Inauguration**  
– Developed for the students by the students through Electronics & Telecommunication Student Association (ETSA).

**Electra News** – The Yearly Newsletter of Department inaugurated & launched by Mr. Jitendra Papdkar, District Collector Hingoli, on the occasion of Institute School Headmaster Meet technical education awareness program.

**Research is Creating New Knowledge** – importance of Research in the field of Education Research means searching the new things from the available literature and that's why it is called as Re-search. Research plays a very important role in the field of education. There are many benefits for college students to engage in scholarly research. For example the research process itself develops students into becoming more and more self-sufficient. In other word student enhance their knowledge to find out information regarding specific topic with more functional deep device into subject matter investigation. Due to research, students can see the current updates in specific topic. Research improves student's reading and writing skills also review other's writing skills. Also reviewing, evaluating and synthesizing information from the other sources develops student's thinking skills. Research requires discipline, focus and effective time management strategies. It integrate known with the unknown. The globalization and highly competitive world of today effectively demands the younger generation to think critically and creatively to respond to the new challenges of future. So every faculty, student should go for Research.

**Inauguration of Medical Service Centre**

**PREVENTION IS BETTER THAN CURE** — Health is now a days a most important factor in every field after Covid 19. All over the Maharashtra Government Polytechnic, Hingoli started Medical Service Centre for student. On the eve of Yuva Day, Department of electronics & telecommunication arranged an inaugural program and establish Medical Service Centre in campus for students on dated 12 th January, 2023. The Centre will provide various facilities like, routine check-up, various medical events under health banner etc. Dr. Korde N V, Taluka Health officer provide us a tremendous support to establish this type of unique medical centre in our institute. Almost 700 students were getting free medical check-up facility through this centre and also guidance for any serious medical problem.

**Infosys SpringBoard** – Infosys springboard portal developed in institute and there is an active participation of students on the portal. Some of the final year students completed various courses and got certification from portal under micro projects.

**SpringBoard Certification**

**Yoga Practice**

### Special Efforts to Implement Sports Timetable on Daily Basis

- Government Polytechnic Hingoli successfully started sports activity on daily basis as per fixed timetable for most of the sports like Kho-Kho, Kabaddi, Volleyball, Badminton, table-tennis and athletics in campus. On this ground we developed all grounds in institute campus. The institute saw tangible benefit like academic results, personality development reflected by improved placement to the order of 74%.

### Strength Is Understanding the Power of Your Perception

– As a part of Co-curricular activity department of electronics and telecommunication organised ISTE student chapter MH-184 sponsored A state level Technical Quiz Competition and Paper presentation Competition for all AICTE affiliated institutes. In Technical Quiz 84 students participated throughout Maharashtra and 38 papers received till final date of registration date.
